

Trainers are specialists in child development and early care and education. All trainers hold a Bachelors Degree or higher in child development or a related field and have worked as early childhood educators in child care centers, preschools, and/or child care homes. Trainers understand the unique content and issues of this profession. Our commitment to child care quality through support and education of early childhood educators is paramount. We are committed to deliver cutting edge training topics that meet the needs of licensed and unlicensed child care providers.
