

Tallaalka COVID-19

Hadda tallaallada ayaa la heli karaa si loo joojiyo cudurka coronavirus 2019 (COVID-19). Tallaalka wuxuu inta badan (qiyaastii 95%) celin karaa inay ku dhicaan cudurka COVID-19. Tallaalku waa lacag la'aan wuxuuna u baahan yahay laba tallaalka isla soo-saaraha oo u dhexeeya 3-4 usbuuc.

Qaadashada tallaalku waxay caafimaad ku hayn kartaa oo waxay joojin kartaa faafitaanka. Waa kuwan waxyaabo muhiim ah oo laga yaqaano tallaalka.

Tallaalka waxaa hada heli karo dadka jira 16 iyo wixii ka weyn.

Bixiyeyaal badan ayaa bixiya tallaalka COVID-19. Waa kuwan liistada qeyb ka mid ah meelaha lala xiriiri karo:

Ingham County Health Department:
Wac 517-887-4623 ama iska qor:
http://hd.ingham.org/coronavirus/r_1013.aspx

Sparrow Health System:
Wac 877-205-1300 ama iska qor www.sparrow.org/vaccine

McLaren Health System:
www.mclaren.org/main/coronavirus-vaccine

Ingham Community Health Centers
Wac (517) 887-4302

Waxaa si dhakhso leh oo ammaan ah loo horumariyey.

Seynisyahannadu waxay la shaqeynayaan coronaviruses kale sanado badan waxayna u isticmaaleen shaqadaas meel bilow ah. Ma jiro talaabo ah oo laga booday, laakiin waqtiga ayaa la soo gaabiyey. Sida tallaalka kale, tallaalka COVID-19 wuxuu soo maray seddex tijaabo caafimaad. Soosaarayaasha tallaalku waxay bilaabeen inay sameeyaan tallaalka intaan la oggolaan ka hor sidaa darteed waxay diyaar u noqon doontaa inay soo dirto isla marka ay hesho Ruqsadda Adeegsiga Degdegga ah (EUA). Soo-saareyaashu waxay ka shaqeyn doonaan inay dhammaystiraan shati-siinta caadiga ah.

Waxaa jiri kara waxyeelooyin yar yar maalin ama wax la mid ah.

Tallaalku wuxuu keenaa in habka difaaca jirka uu jawaab ka bixiyo. Tani waxay sababi kartaa xoogaa calaamado u eg hargabka. Tan waxaa ka mid ah qandho heer-hoose ah, madax-xanuun ama xoogaa daal. Gacanta ayaa laga yaabaa inay ku xanuunto.

Tallaalku kuma siin karo COVID-19 mana taabanayo DNA-gaaga.

Tallaalku wuxuu jidhkaaga baraa inuu aqoonsado fayraska sababa COVID-19 isagoo ka dhigaya inuu sameeyo ka dibna baabi'iyo borotiinnada ku jira bannaanka fayraska. Fayraska oo dhan kuma jiro tallaalka. Marna ma galeyso unugyadaada 'nuclei' (halka ay DNA-gaagu yaalo).

Weli waxaad u baahan tahay inaad xirato maaskaro, kala fogaanshaha iyo dhaqista gacmahaaga.

Tallaalku waa mid xoog badan, laakiin illaa inta cudurka faafa laga xakameynayo, waa inaan sii wadnaa qaadista dhammaan tallaabooyinka hortagga ah.

Tallaalka COVID-19

Hadda tallaallada ayaa la heli karaa si loo joojiyo cudurka coronavirus 2019 (COVID-19). Tallaalka wuxuu inta badan (qiyaastii 95%) celin karaa inay ku dhacaan cudurka COVID-19. Tallaalku waa lacag la'aan wuxuuna u baahan yahay laba tallaalka isla soo-saaraha oo u dhexeeya 3-4 usbuuc.

Qaadashada tallaalku waxay caafimaad ku hayn kartaa oo waxay joojin kartaa faafitaanka. Waa kuwan waxyaabo muhiim ah oo laga yaqaano tallaalka.
