If you answered “**yes**” to one (1) or more of the first four symptoms above, or “**yes**” to two (2) or more of the last seven symptoms above in light gray, please do not go to into work. Self-isolate at home and contact your primary care physician’s office or nearest urgent care facility for direction.

- You should isolate at home for a minimum of 10 days since symptoms first appeared.
- You must also have improvement in symptoms and at least 24 hours since last fever without use of fever-reducing medication.

In the past 14 days, have you:

Had close contact with an individual diagnosed with COVID-19? Yes No

If you answer “**yes**”, please do not go into work (unless exempt or otherwise approved for work with appropriate safety precautions). Self-quarantine at home for 14 days since exposure. Employees who are not critical/not exposed to COVID-19 as part of regular job duties should quarantine at home for 14 days. Fully vaccinated employees who are symptom-free do not need to quarantine. Fully vaccinated means it has been two weeks since completion of the vaccine series.
